HOW DOES eMODULEX MAKE YOUR LIFE EASIER?

Control:

eModulex simplifies project management. Combining location plans and sign databases seamlessly in a single, user-friendly platform. Allowing you to monitor sign status throughout every stage, track project budgets, and achieve real-time synchronization for installation via our mobile app. Take complete control of your projects with eModulex.

Create:

eModulex enhances efficiency and precision, reducing the need for corrections and saving time with accurate programming. Automatically generate customized vector artwork and produce various reports effortlessly for clients, reviewers, managers, and finance. eModulex streamlines the creative process for outstanding signage programs.

Collaborate:

Collaboration has never been easier with eModulex. Using comments, photos, and project notes, you can communicate effectively between designers, fabricators, and clients/end-users. Access a complete audit trail to track changes and assign tasks with due dates for each project stage. Share project access with clients/end-users for swift approval of texts, graphics, sign locations, sign counts and more. Simplify collaboration with eModulex.

WHO WE HELP?

Project Designers/Managers:

Discover a new level of efficiency with eModulex. Say goodbye to manual client approvals, spreadsheets, and other time-consuming tools. Our platform streamlines your project management, keeping all aspects of your project in one place. Benefit from real-time updates to creative and approvals from your clients. eModulex saves you time, allowing your projects to flow effortlessly.
Facility Managers:

Managing hundreds or thousands of signs is no longer a challenging task. eModulex is the solution to your signage management challenges, allowing you to monitor and keep track of your signage, timelines, budgets, and collaborators. We understand the importance of updated and accurate signage for your facility's visitors. With over 59 years of industry experience, we provide the insight and tools you need to efficiently oversee signage, ensuring a seamless visitor experience.

Sign Makers:

eModulex simplifies the life of sign makers. Ensure your files have accurate specifications, locations, and unique client requests. We know it works because we use eModulex in our factories! Our app connects directly to installers, ensuring they have the information for each sign location. After installation, they can easily upload pictures of the completed work to review the results. Simplify your signage processes with eModulex.
